Commonwealth Worldwide Chauffeured Transportation (“Commonwealth”) delivers premium chauffeured transportation for business executives and sets itself apart with a team of career chauffeurs, a continuously updated fleet of luxury vehicles, and a commitment to exemplary service. Commonwealth’s unique approach to providing discrete, personalized service has earned a loyal following. The company’s services go beyond traditional car service companies—helping our clients coordinate complex details for travel schedules, road shows and private aviation companies. We also help our clients manage their meeting and special event ground transportation needs.

Headquartered in Boston, Massachusetts, with a fully owned subsidiary in New York, NY and a global partner network, Commonwealth serves business travelers worldwide.

Exemplary, personalized service...every time.

WALL ST

For over two decades, Commonwealth has set the standard for the industry. Being a leader in luxury chauffeured ground transportation is a position we earn every single day, driving more than 80,000 passengers annually in more than 160 countries.

CHAUFFEURS

Our chauffeurs are the most experienced and well trained in the industry. Although they all possess extraordinary qualifications, we require each chauffeur to go through a comprehensive certification program which includes classroom and road instruction and additional retraining each year. This ensures that our chauffeurs are well-versed in the latest technologies, and dramatically reduces the possibility of error.

VEHICLES

We ensure that every vehicle meets our standards before they are placed into service. We buy the best vehicles and equip each with the latest state-of-the-art devices such as Drive Cameras and Global Positioning Sensors (GPS). All maintenance meets or exceeds the standards specified by Automotive Service Excellence (ASE).

OPERATIONS

Our Operations experts monitor everything from vehicle capabilities and weather to airport conditions and traffic. No company vehicle leaves the garage until the dispatcher and the chauffeur independently verify all reservation details. This dual requirement means that two highly trained professionals must both confirm the logistics of each reservation.

SECURITY

Commonwealth works with local airport authorities, law enforcement officials, the National Limousine Association (NLA) and the National Business Travelers Association (NBTA) to provide a variety of services including global security updates and risk and threat assessments for overseas locations and global monitoring from iJET.com to ensure passengers peace of mind.

*We know that timing is crucial, changes are inevitable,
and details are at the heart of what we do.*

Commonwealth services extend to helping our clients coordinate complex details for extended travel schedules and road shows and also the coordination of ground transportation needs for offsite meetings and special events.

ROAD SHOWS

Commonwealth is the proven leader in the fast-paced world of financial road shows. The company is known within the financial services industry for flawless execution of the most complex itineraries. We offer a dedicated around-the-clock road show desk and telephone number and specially trained road show chauffeurs. Detailed trip information, including your chauffeur's name and cell phone number, is delivered to you the day before your meetings.

MEETINGS & EVENTS

Commonwealth excels in providing transportation for meetings and events. Commonwealth's staff is experienced in working with groups, both large and small to coordinate all types of events, from corporate meetings to film premieres. Our dedicated Meetings and Events desk assists with all logistics.

A Commonwealth Event Coordinator can even assist on-site with the transportation for your meeting or event. The coordinators will work with you to ensure that your vehicles are on location, the chauffeurs know their destinations, and to help escort your customers and guests to their vehicles.

PRIVATE AVIATION

Commonwealth's services extend to customers of business and private aircraft services. When you step down from your aircraft, a Commonwealth chauffeur will be there to provide a seamless connection from air to ground in cities worldwide. Commonwealth utilizes the FAA flight tracker system, which tracks private, business, and commercial aircraft. This way, no matter when your flight arrives, your vehicle will be waiting for you.

Utilize our expertise...to make the complicated easy.

Commonwealth has proudly earned numerous accolades. Among them:

Commonwealth is a three-time winner of Boston Magazine's Best of Boston award for "Best Car Service" and four-time winner of Inc Magazine's Top 100 Fastest Growing Inner City Companies in the United States.

Limousine & Chauffeured Transportation magazine has recognized Commonwealth as having one of the 10 largest limousine networks in the United States and also named Commonwealth as an "emerging company to watch".

Commonwealth is the official chauffeured transportation provider of the Boston Symphony Orchestra, the Boston Pops, The St. Regis Hotel, New York, The Plaza Hotel, New York, and The Carlyle Hotel, New York.
